

MOHAMMED ABED HASSANI IDRISSE

FULL STACK WEB DEVELOPER

SUMMARY

Motivated Full-Stack Developer with 3+ years of intensive programming experience through 1337 Coding School and professional internships. Proven track record of building scalable web applications using modern technologies, including React.js, Next.js, Django, and Nest.js. Strong collaborative skills developed through peer learning at 1337 and team-based projects, with expertise in full-stack development and problem-solving.

EXPERIENCE

Université Mohammed VI Polytechnique - The Forge UM6P Benguerir

Full-stack developer Intern 09/2025 - 02/2026

- Developed an MVP restaurant management platform from scratch to streamline operations for managers, owners, and staff, featuring process tracking, task management, staff scheduling, and performance monitoring
- Implemented dual interfaces: a comprehensive dashboard for managers/owners and a WhatsApp-integrated system for staff to clock in/out, access shifts, complete tasks, and report incidents
- Collaborated with another intern under CTO mentorship, developing backend logic with **Django** and frontend UI/UX with **Next.js/React.js** across separate frontend, backend, and website repositories

Liadtech Casablanca

Full-stack developer intern 05/2025 - 06/2025

- Built responsive UI components using **React.js/Next.js** for client projects, including a marketing agency website and healthcare application.
- Collaborated with cross-functional teams to implement designs and ensure seamless user experiences.
- Managed codebase using **Git** with branching strategies and conflict resolution.

PROJECTS

Healthcare-App 05/2025 - 06/2025

Team

A Full-stack Web Development Project

- Developed a pregnancy tracking module for a comprehensive healthcare application, collaborating with 8 teammates using a modular development approach.
- Built responsive UI components using **Next.js** and **Tailwind CSS**.
- Worked with **Git** version control, managing branch workflows, resolving conflicts, and submitting pull requests for review.

Transcendence 05/2025 - 06/2025

Team

A Full-stack Web Development Project

- Developed the entire front-end of a Pong game platform from the ground up using **Vanilla JS**.
- Implemented a responsive UI with **HTML**, **CSS**, and **Bootstrap** to ensure a smooth user experience.
- Collaborated with four teammates on various aspects of the project using **Git** & **GitHub**.
