SUMMARY

Motivated Front-end Developer with 3+ years of programming experience and recent professional internship completion. Proven track record of building responsive, user-friendly web applications using modern frontend technologies, including Vanilla JavaScript, React.js, Next.js, HTML/CSS, Bootstrap, and Tailwind. Strong collaborative skills developed through 24+ challenging projects at 1337 Coding School.

EXPERIENCE

LIADTECH, Casablanca (Remote) — Full-stack internship | May 2025 - Jun 2025.

- **Developed** responsive user interfaces and interactive components for client projects using React.js and Next.js.
- **Collaborated** with a cross-functional team on two significant projects: a marketing agency website and a healthcare application frontend, implementing good designs and ensuring seamless user experiences.
- **Managed** frontend codebase using Git version control with advanced branching strategies, effectively resolving merge conflicts during collaborative development.
- **Completed** a 40-day intensive internship focused on modern frontend development practices.

EDUCATION

42 Pool and 42 Coursus, Benguerir— 1337 Coding School, UM6P | Jun 2022 - Current.

Bachelor of Fundamental Studies in Management, Fes— USMBA | Sep 2015 - Jul 2020.

PROJECT

HealthCare-App (Team) — A Full-stack Web Development Project

- **Contributed** to the development of a comprehensive healthcare application by implementing the **pregnancy tracking module interface** and by collaborating on fixing UI/UX issues based on tasks assigned by the technical lead.
- **Collaborated** with eight teammates by dividing the project into individual modules, using Git and Azure for version control and task coordination.
- **Built** a consistent and user-friendly interface using **Next.js** and **Tailwind CSS**, ensuring smooth user interaction and intuitive navigation.
- **Technologies:** JavaScript/TypeScript, Next.js, Tailwind CSS.

Marketing-agency (Team) — A Front-end Web Development Project

- **Developed** the frontend of a marketing agency platform inspired by an existing reference [website](#) using Next.js.
- **Implemented** visually consistent UI components using CSS and Tailwind CSS to match the target design.
- **Collaborated** with two teammates by dividing the project into individual pages and coordinating development through GitHub version control.
- **Technologies:** Next.js, CSS, and Tailwind.

Transcendence (Team) — A Full-stack Web Development Project

- **Developed** the entire front-end of a Pong game platform from the ground up using Vanilla JS.
- **Implemented** a responsive UI with HTML, CSS, and Bootstrap to ensure a smooth user experience.
- **Collaborated** effectively with four teammates on various aspects of the project using Git & GitHub.
- **Technologies:** JavaScript (Vanilla JS), HTML, CSS, Bootstrap.

Additional curriculum, professional, and personal projects are available on my [GitHub](#) repositories and [Portfolio](#).

CERTIFICATIONS

- **Front End Development Libraries, JavaScript Algorithms and Data Structures, and Responsive Web Design** — [freeCodeCamp](#)
- **Learn React Course, Learn Bootstrap Course, and Learn Intermediate JavaScript** — [Codecademy](#)
- **AI Career Essentials, Professional foundations** — [ALX_AFRICA](#)

SKILLS

- **Front-end development:** HTML/CSS, JavaScript, Bootstrap, React.js, Next.js, Tailwind, Responsive web design.
- **Other skills:** Node.js, Express.js, PostgreSQL, Prisma, C, C++, Shell commands.
